Dear Mr. Zumwalt:

Re: Final Approval, Temporary Coal Stockpile Amendment, Coastal
States Energy Company, Skyline Mine, ACT/007/005-90G, Folder #3,
Carbon County, Utah

The Division has completed review of your October 14, 1990 response regarding the above-referenced amendment. The submittal was found to be complete and adequate by Lynn Kunzler and Priscilla Burton of the Division's Technical Staff.

Final approval for the temporary coal stockpile is hereby given. Please keep in mind that this stockpile is only approved temporarily and that upon completion of the new coal stacking tube the stockpile must be removed. Site cleanup, interim reclamation and revegetation efforts must be completed during the spring of 1991.

Please submit 12 additional copies of this amendment by November 2, 1990 for distribution to other agencies. If you have any questions please call Randy Harden or me.

Sincerely,

Daron Haddock
Permit Supervisor
